## **Texas High vs. Frisco Regional Tournament**

The Texas High Varsity Tennis Team faced off against Frisco in the semifinals of the Regional tournament at Lovejoy Thursday afternoon. The Tigers fought really well in every match and displayed the heart that the team is known for. The team lost by the score of 10-7. Many of the losses were highly contested and could've gone either way...we just came up a little short. We are very proud of the effort in this match and the effort shown throughout the Fall team tennis season...they left it all on the court and that's all you can ask from them. The team will now begin to prepare for the spring season which starts up in January.
