

Frisco Vortex Tournament

Jan. 19, 2022 @ Frisco

The Texas High Varsity Tennis team opened up their spring season on Wednesday at the Frisco Vortex Tournament. It was a very tough day for tennis with temperatures in the 40s and winds up to 30 mph. Our kids really pushed through some tough conditions. It was great competition also with many of the top programs in our region. We are looking forward to seeing what this group can do this season.
